Remarked a pleased customer, as he handed over fifty cents for another bottle of the well-known

PUTNAM'S Cherry Cough Comfort

"I have never had a cough medicine that was so useful in my family," he continued. "The children rather like it, and with the first sign of a cough ask for CHERRY COMFORT."

This is simply the statement of hundreds, who have and are using this remedy. It cures all coughs that are curable. It is not composed of opium and dangerous drugs. Its principal ingredient is taken from the extract of wild cherries, one of the best expectorants known.

It is a source of no small wonder to competent judges of good tobacco that any firm is able to produce for only ten cents a cigar so perfect from every point of view as the celebrated

General Arthur Cigar

It is true that the Havana is choicer Havana than is being put into any other cigar today. It is true that in workmanship, flavor, and thorough reliability the General Arthur cigar is wonderfully good. These things are made possible by the magnitude of the manufacturer's operations—with a small concern it would be absolutely impossible. The capital and resources of the largest cigar manufacturing business in America can reasonably be expected to produce results which far surpass the efforts of an ordinary enterprise.
